

feel like you've been here all year fiddling? I think that's a rather demeaning view of what we do here. I think we've made some very good decisions this year about efficient use of government resources. One of them I didn't like, the Weatherization Fund, but in the end I think that's probably, that switch was probably a more efficient use of government resources. That's what this is all about and for this whole grand judicial system, if we're not willing to look at the bottom quarter of the districts, why are we here? We might as well give up for the taxpayer and just let things go the way they'll go. So I hope that those of you who supported the prior amendment continue to support this and I hope that a few of you who could not go quite as far with the last amendment would see fit...
